THE B.M.T.

BIGGEST-MEATIEST-TASTIEST

The B.M.T. at Subway is a **SUPERLATIVE** sandwich . . . It's the **BIGGEST, MEATIEST, TASTIEST** cold cut combination on Subway's already famous menu of foot-long sandwiches. The B.M.T. starts with American cheese, continues with baloney . . . ham . . . Genoa salami . . . pepperoni . . . and finishes with a wide selection of vegetables and seasonings. Here's the best part! The B.M.T. is made to your **EXACT** taste by a Subway sandwich specialist. When it comes to giant, delicious foot-long sandwiches, Subway has the best track record around! So the next time **YOU** think of fast-food, remember America's newest alternative . . . and make tracks for the Subway station nearest you. Ask for the B.M.T. . . . the foot-long sandwich that's full of superlatives from your first bite to the last . . . . and only available at **SUBWAY** . . . where something delicious is served every sixty seconds.
