Benjamin Halpern Dry Goods
Felicia Pratto
CMU Security
Kathleen Flaherty

A little about SCOTCH AND SODA . . .

In 1907, a group of Carnegie Tech students founded the White Friars, dedicated to producing and performing original musical revues. By 1938, the White Friars had become Scotch and Soda, which remains one of the most respected amateur drama groups at Carnegie-Mellon and in Pittsburgh. Scotch and Soda first produced Pippin, Pippin, the original version of the Broadway musical hit Pippin by Stephen Schwartz. This and other Scotch and Soda productions have won many honors, including the prestigious BMI award.

If you are a Carnegie-Mellon student interested in adding your talents to this exciting legacy, stop by the Scotch and Soda office at Skibo 40D or give us a call at 268-3522. Student or not, we would be thrilled to hear your comments and suggestions.

Interested Party Member

Goodbye, and good luck . . .

MARY BETH GILMORE (Director) will receive her B.A. in History and German this spring. She has been the Vice-President of Scotch and Soda since the fall of 1983, and has performed in CARRIED AWAY and ROUND AND ROUND THE GARDEN for us. She has also directed CAGES and, this season, LINE and THE MURDER ROOM. Upon graduation, Mary Beth hopes to pursue a graduate degree in directing.

HELENE NEWBERG (Construction Crew) is currently a sophomore majoring in Professional Writing. She was the technical director for LINE, and will be leaving CMU to study English at Brandeis University in Waltham, Massachusetts.

Current Scotch and Soda president LAUREN SCHNEIDER (Stage Manager) has stage managed SALEM AFTER MIDNIGHT, VANITIES, CAGES, and, this year, LINE and THE MURDER ROOM. She has also worked as an assistant stage manager for the Pittsburgh Metropolitan Stage Company production of DOGG S HAMLET, CAHOOT S MACBETH. After receiving her B.A. in Creative Writing this summer, she hopes to live and work in Maine and would like to pursue a graduate degree in Creative Writing.

RORY WOHL (Technical Director) will be leaving CMU to pursue an undergraduate degree in Technical Production. Currently a freshman in Industrial Management, he has helped build both of this season s productions.
