Scotch 'n' Soda is Carnegie Mellon's student theatre organization which is entirely student run. Each year S 'n' S hosts a variety of events including a fall Short Plays series, and acting, technical, and writing workshops. In addition, S 'n' S produces an annual spring show which is often written by students. Some popular shows which originated in Scotch 'n' Soda include Pittsburgh's first all-improvisational Improv '88, last years hugely successful This is Not a Test, Godspell and Pippin.
